Genetic structure through time

0–10 ka BP · 13,891 ancient people + 503 modern references

Broad geographic region

- C · Central
- E · East
- N · North
- SE · Southeast
- SW · Southwest

People per age interval

9–10 ka	42
8–9 ka	101
7–8 ka	559
6–7 ka	454
5–6 ka	678
4–5 ka	1,024
3–4 ka	1,289
2–3 ka	2,715
1–2 ka	4,569
0–1 ka	2,460
Modern	503

PC1 and PC2 use one fixed coordinate system and equal axis scales. Third axis = time, not PC3.
Points retain exact recorded dates; 1,000-year frames are guides. Circles: ancient; diamonds: modern.
45 older ancient people are retained in the all-ages supplement and audit. Nonlinear display: log10(1 + age/1,000 BP); ticks show original ages.
